COACH

TRAVEL IN STYLE

The Coach Travel Collection is a luxurious assortment of highly functional luggage and travel accessories created to address the diverse needs of business and weekend travelers. The collection includes a range of finely designed pieces, both structured and unstructured—everything from travel kits and duffles to suiters and wheeled bags. Like all Coach products, Coach Travel combines function and luxury, with an emphasis on rich materials and impeccable craftsmanship. Inspired by the Cabin Bag, our icon travel style, the collection incorporates signature Coach details such as distinctive brass or nickel hardware, double-needle stitching, tubular padded handles and comfortable ergonomic shoulder straps.

The Travel Collection is comprised of two categories: All-Leather Travel and Travel Twill. Our All-Leather styles are handcrafted in our custom-developed, lightweight travel leather which is specially treated to be water-resistant and extremely durable. The leather's surface is sealed to retain a supple, natural hand and maintain its original luster. The All-Leather Travel is available in Black, Mahogany and Tan with brass hardware.

The Travel Twill styles are made from a rich and resilient lightweight fabric and trimmed with our travel leather. The Travel Twill fabric is scratch and water-resistant and extremely durable, composed of a blend of 45% nylon, 22% polyester, 17% cotton and 16% polyurethane. Travel Twill is available in Black with nickel hardware and Mahogany with brass.

The Coach Travel Collection is designed with the modern traveler in mind. Ease, comfort, and aesthetics are of primary importance, resulting in pieces that are lightweight, beautiful and exceptionally functional.

Gusseted pockets, zip pockets and inside pockets provide easy access to accommodate personal essentials and keep them organized. Our wheeled pieces with their recessed, retractable handle systems and in-line skate wheels are technically engineered to ensure easy maneuverability. Padlocks, accessories, and leather luggage tags provide added convenience while wear-resistant, easy gliding zippers offer maximum performance.

Each style is carefully designed and produced to exacting specifications to withstand the elements of world travel and to satisfy the demands of the global traveler.

CARE, REPAIR AND RETURN POLICY

With over a fifty year tradition in fine, handcrafted leathersgoods, Coach proudly stands behind its products. In support of this commitment, in the event that a problem arises as a result of workmanship or material defects, Coach will promptly repair the product at our expense, or replace it if we feel it cannot be repaired.

The Coach Travel Collection is made from the finest materials, and manufactured with the greatest care, and while the product is of the highest quality, it is not indestructible. For this reason, our policy is not unconditional and does not cover the life of the product or any damage that may occur from misuse of the product. It should be expected that over time component parts will begin to demonstrate the consequence of regular use. This natural wear and tear is not covered under the policy, although we are happy to offer repair services for a nominal fee which will be assessed on a case by case basis by our repair department.

This policy also does not cover damage that may result from airline abuse or mishandling. If damage occurs from common carrier mishandling, a claim should be filed immediately with the airline.

To remove surface dirt, simply wipe surface with a clean, damp cloth. We do not recommend using Coach Leather Cleaner or Moisturizer.
