One of the many steps that goes into the making of a Coach bag or briefcase is the assignment of an individual registration number. The machine shown here brands the number onto the item's inside pocket.

The number is unique to that particular Coach bag or briefcase, and can prove to be quite helpful should your bag ever need repair.

A registration card can be found in every Coach bag or briefcase. By completing the card and returning it to us, you are identified as a Coach consumer and are assured of a continued subscription to future Coach catalogues as well as information on new Coach items and colors.

The smallest item we make here at Coach is actually one of the most important.

It is the Coach tag that hangs from every Coach bag and briefcase. It is your assurance that the product has been made by skilled craftsmen in our own factory. It also lets you know that the item has been thoroughly hand-inspected before it is wrapped, packed and offered for sale.

It is a tag that symbolizes a commitment to quality and craftsmanship, and there is no other bag in the world that carries it.

The job of cutting is one that requires great precision and skill.

Mindful of the high cost of leather, cutters must position their dies carefully so as not to throw off excessive waste. At the same time, they must also look for choice cuts that will make the most of the leather's rich grain and natural markings.

It is a job performed by experts proud of their craft, and their skill is evident in every Coach product.
