A Few of the Things You Should Know About Us

We are a small family-owned company that has been making leather bags, belts and billfolds since 1941.

In that time we have built a rather remarkable following, and our trademark (the little leather tag, dangling on a beaded brass chain) is widely recognized both here and abroad.

You will find our leather products in the Handbag and Men's Furnishings Departments of the leading Department stores. You will also find them in selected Haberdashery, Women's Specialty and Luggage stores where quality leather accessories are sold.

Our Leather

Except for the Water Buffalo Hide wallets and accessories on pages 29-32, everything shown in this catalogue is made out of the same leather—a full grain, uncorrected glove-tanned cowhide that is essentially the same leather used in making baseball gloves.

Working with a leading tanner of baseball glove leather, we have developed a special formulation of tanning extracts and emollients that renders this rugged leather soft and supple to the touch without in any way detracting from its strength or beauty.

The scars, scratches, veins and wrinkles that give our leather its special character have not been sanded down or buffed. We have also taken great care not to cover them with paints, sealers or artificial finishes, using only clear aniline dyes in a range of colors that enhance rather than conceal these beautiful natural markings.

Here Are A Few Classic Bag Fittings Made Out Of Glove Tanned Cowhide Especially Designed To Help You Organize Your Coach® Bag

For several years now, we have been producing a small collection of these classic Bag Fittings to accessorize our bags.

These Bag Fittings are made out of the same Glove Tanned Cowhide that we use to make our bags and belts. Like the bags and belts, they respond very well to wear, taking on a rich patina as they are worn.

In order to make these small pieces out of our leather, it is necessary to split it down to a lighter weight.

This is accomplished by running each part through a splitting operation that reduces it to the desired thickness and, in the process, renders it as soft and supple as a piece of fine Calfskin.

Except for the two Make-Up Kits, which are lined with a treated cotton ticking that resists spills, every piece is fully lined in leather. The zippers and snap fasteners are solid brass. The purse frames are covered with leather.

Coach® Bag Fittings are made in most of the Coach® Colors. They can be matched, coordinated, or color coded for easy identification.

As with our bags and belts, we keep a small inventory of Coach® Bag Fittings here at the Factory. If you are having difficulty finding them in a store near you, we will be pleased to handle your orders directly from our Consumer Service Department.
