These Coach Tags represent the ten Coach Colors now in production. Because the natural color tones of our leather are difficult to reproduce in print, this chart is intended only as a guide.

It's Not a Coach® Bag Without the Coach® Tag

Coach has been making fine quality leather products for 45 years. We are gratified that during this time they have become known as true American classics—straightforward, functional designs that are very well made and never go out of style.

Quality and Commitment

Our commitment to quality begins with a unique tanning process, which renders our extraordinarily rugged, full-grain cowhide quite soft and supple.

Only then, do our skilled craftsmen begin to cut and sew Coach products in a process that requires as many as 85 steps before an item is complete.

All of our products are then hand-inspected and tissue-wrapped in boxes suitable for gift giving. You will find that the Coach you choose will get better and better with age, taking on a deep, rich patina with use.

Excellence in Service

We believe ordering from Coach should be easy and pleasant, and we work hard to attain this goal.

You are assured of courteous and efficient service. Once your order is received, it is processed and shipped within three to four working days.

Every Coach product is sent free of all shipping and handling charges to all 50 states.

Our Guarantee

If anything you order from this catalogue does not fully meet your expectations, by all means, return it to us and you will receive a prompt refund or exchange, whichever you prefer.

All Coach products can be ordered directly from our factory and sent to you free of any shipping or handling charges. To order call toll-free, day or night: (800) 544-3004

One of the many steps that goes into the making of a Coach bag or briefcase is the assignment of an individual registration number. The machine shown here brands the number onto the item's inside pocket.

The number is unique to that particular Coach bag or briefcase, and can prove to be quite helpful should your bag ever need repair.

A registration card can be found in every Coach bag or briefcase. By completing the card and returning it to us, you are identified as a Coach consumer and are assured of a continued subscription to future Coach catalogues as well as information on new Coach items and colors.

The smallest item we make here at Coach is actually one of the most important.

It is the Coach tag that hangs from every Coach bag and briefcase. It is your assurance that the product has been made by skilled craftsmen in our own factory. It also lets you know that the item has been thoroughly hand-inspected before it is wrapped, packed and offered for sale.

It is a tag that symbolizes a commitment to quality and craftsmanship, and there is no other bag in the world that carries it.

The job of cutting is one that requires great precision and skill.

Mindful of the high cost of leather, cutters must position their dies carefully so as not to throw off excessive waste. At the same time, they must also look for choice cuts that will make the most of the leather's rich grain and natural markings.

It is a job performed by experts proud of their craft, and their skill is evident in every Coach product.

The seam binding of every Coach bag and briefcase is a detail that contributes to the distinctive Coach look as well as to the durability of our products.

We use a special process to make this binding from the very same glove tanned cowhide as the bag or briefcase itself.

The seam binding is hand-folded around every edge and sewn through several layers of leather. Creating the close, even stitches found on our fine leathers, requires great skill and many years of experience.

Here Are The Classic Small Accessories That We Make Out Of Coach® Glove Tanned Cowhide

For several years now, a good many people have found our small accessories to be handy organizers for a wide variety of personal needs and handsome complements to Coach bags and briefcases.

Coach Small Accessories are made out of the same Glove Tanned Cowhide that we use to make our bags and briefcases. They respond very well to wear, taking on a rich patina as they are worn.

In order to make these small pieces out of our glove leather, it is necessary to reduce the leather to a lighter weight.

This is achieved by running each part through a splitting operation that reduces it to the desired

thickness and in the process, renders it as soft and supple as a piece of fine Calfskin.

With the exception of the Squeeze Keycase, all Coach Small Accessories are fully lined. The Skinny Case and Chunky Make-Up Kit are lined with a water-resistant cotton ticking. The other Accessories are lined with leather. The zippers and snap fasteners are solid brass. The purse frames are covered with leather.

Coach Small Accessories are available in all ten Coach Colors shown on page two. They can be matched, coordinated or color coded for easy identification.

Belt Sizing

If you are unsure of your exact belt size, it would be wise to check it before ordering.

Take a belt that you presently wear and measure the distance from the tip of the buckle to the hole on which you generally wear it. Round this number upward or downward to the nearest even number.

This is your correct belt size.

Waist sizes may vary considerably in the course of a single day. Thus, a properly fitted belt should occupy one of the center holes, so as to allow for at least one inch adjustment in either direction.

What You Should Know About Coach® Wallets, Planners, Small Notebooks, and Other Accessories

We are pleased to offer a wide variety of fine accessories for both men and women.

For these, there is no leather more ideally suited than Coach Water Buffalo Calfskin. Originally stiff and rough, a variety of careful, time-consuming processes transform the hides into a leather that is remarkably thin and soft, yet very durable.

Our craftsmen take great care in the making of every Coach accessory. Each part is cut from hides chosen specifically for their grain and natural markings. During assembly, every edge is hand-turned and sewn with an average of 14 stitches to the inch. This assures

you that the product will last and is sturdy enough for demanding use.

Your new Water Buffalo Calfskin accessory will have only a dull shine when you begin to use it. Within a few weeks, however, it will develop a richly grained, handsomely polished appearance that will continue to develop more with every year.

All Coach products can be ordered directly from our factory and sent to you free of any shipping or handling charges.

While many jobs in the Coach factory require the use of special machinery, turning edges for our Water Buffalo Calfskin wallets and accessories is a process we trust exclusively to the human hand.

After applying glue, our craftsmen use hand tools to fold the leather and create crisp, clean edges and neatly rounded corners. Only then do we sew the folded edges for the finishing touch.

This attention to detail insures that every Coach wallet or accessory will retain its character, strength and beauty for many years.
