

A catalogue of classic Coach® bags, belts,  
wallets, briefcases and other accessories  
made out of natural leather and solid brass.

Winter 1986

To Our Loyal Customers and New Friends  
on the Occasion of Our 45th Anniversary

The Coach concept was born in 1941 in a small workshop in downtown New York City. All we had then was a short lease, six skilled leather workers and our concept.

We believed (and still do) that there was a market for classic leather accessories, made very well out of very good leather, and that this was the market we should serve.

We have grown considerably since then and so has our following. Coach Bags, Briefcases, Belts and Accessories are today recognized throughout the world as true American Classics, still very well made out of very good leather—just as they were 45 years ago.

Throughout all those years we have been sustained by your unwavering loyalty. In the years that lie ahead, we will try very hard to maintain the same standards of excellence that you have come to expect from all Coach products.

On behalf of all of us here at Coach (there are now over 250 of us), we extend our thanks and appreciation, and the hope that you will continue to buy and enjoy our products for many more years to come.

Best wishes,

A handwritten signature in dark ink, reading "Lew Frankfort", is positioned above the printed name.

## Coach® for Everyday

At Coach, we see style as an enduring quality, one that lasts beyond a certain time or season. In fact, every Coach is designed for you to use and enjoy everyday.

This winter we are extending our timeless approach into new areas. We invite your attention to our first collection of fine leather gloves for men and women. We are also pleased to introduce a complete professional organizer as well as several other personal leather goods designed to meet a wide range of needs.

In all, you will find the fine craftsmanship that is unmistakably Coach, and a look that will never go out of style.

## It's Not A Coach® Bag Without The Coach® Tag

Coach has been making fine quality leather products for 45 years. We are gratified that during this time they have become known as true American classics—straightforward, functional designs that are very well made and never go out of style.

### Our Leather

All of our handbags and briefcases are made out of the same leather—a full-grain, natural glove tanned cowhide. We use a special formulation of tanning extracts and emollients that renders this rugged leather soft and supple without detracting from its strength or beauty. We take great care to enhance, rather than conceal, the natural markings that give our leather its special character.

That is why no two Coach bags will ever look the same. And that is why your Coach will actually get better and better, developing its own distinctive patina as it is worn.

### Our Registration

Every Coach bag and briefcase is identified at our factory with its own registration number. If it is a genuine Coach, you will find this registration number branded onto the leather on an inside pocket.

### Our Distribution

Quality leather goods must be made in small, carefully supervised lots that do not readily lend themselves to mass production. That is why you will find Coach products in only Coach Stores and the very best Department and Specialty stores.

## Here Are The Classic Bag Fittings That We Make Out Of Coach® Glove Tanned Cowhide

For several years now, we have been producing a small collection of these classic Bag Fittings especially designed to accessorize our bags.

Coach Bag Fittings are made out of the same Glove Tanned Cowhide that we use to make our bags. Like the bags, they respond very well to wear, taking on a rich patina as they are worn.

In order to make these small pieces out of our glove leather, it is necessary to reduce the leather to a lighter weight.

This is accomplished by running each part through a splitting

operation that reduces it to the desired thickness and in the process, renders it as soft and supple as a piece of fine Calfskin.

With the exception of the Squeeze Keycase, all Coach Bag Fittings are fully lined. The two Make-Up Kits are lined with a water-resistant cotton ticking. The other Bag Fittings are lined with leather. The zippers and snap fasteners are solid brass. The purse frames are covered with leather.

Coach Bag Fittings are available in all ten Coach Colors shown on page two. They can be matched, coordinated or color coded for easy identification.

### Belt Sizing

If you are unsure of your exact belt size, it would be wise to check it before ordering.

Take a belt that you presently wear and measure the distance from the tip of the buckle to the hole on which you generally wear it. Round this number upward or downward to the nearest even number.

This is your correct belt size.

Waist sizes may vary considerably in the course of a single day. Thus, a properly fitted belt should occupy one of the center holes, so as to allow for at least one inch adjustment in either direction.

## Coach® Is Pleased To Present A New Collection Of Fine Leather Gloves

It gives us great pleasure to introduce what we feel is a fine complement to the Coach tradition of quality leathers.

After much research into materials and techniques, we located a workshop of expert glovemakers in Hungary dedicated to a 200-year old reputation for excellence. It is with these craftsmen that we entrusted the Coach name, and we are very proud of the results.

We worked together designing these timeless styles. As with all Coach

leathers, our gloves are individually cut and hand-finished. They're made from the finest gloving leather obtainable—a fine-grained European lambskin—tanned to enhance natural markings and carefully made so they meet the high-quality standards we set for every Coach product.

**Glove Sizing**

To obtain a proper size measurement for Coach gloves, simply circle your hand at the widest part of your knuckles with a tape measure or string. Your hand should be flat,

the string should be comfortable, but not too loose. Be careful not to include your thumb. The measurement in inches is your correct glove size.

## What You Should Know About Coach® Wallets and Accessories

At Coach, we are pleased to offer a wide variety of fine, hand-turned wallets and accessories for men and women.

There is no leather more ideally suited to these accessories than Coach Water Buffalo Hide. A variety of careful, time-consuming processes transform the hides into leather that is remarkably thin and supple, yet very firm. What starts out as a rough, wrinkled hide becomes a smooth, richly grained leather of extraordinary character.

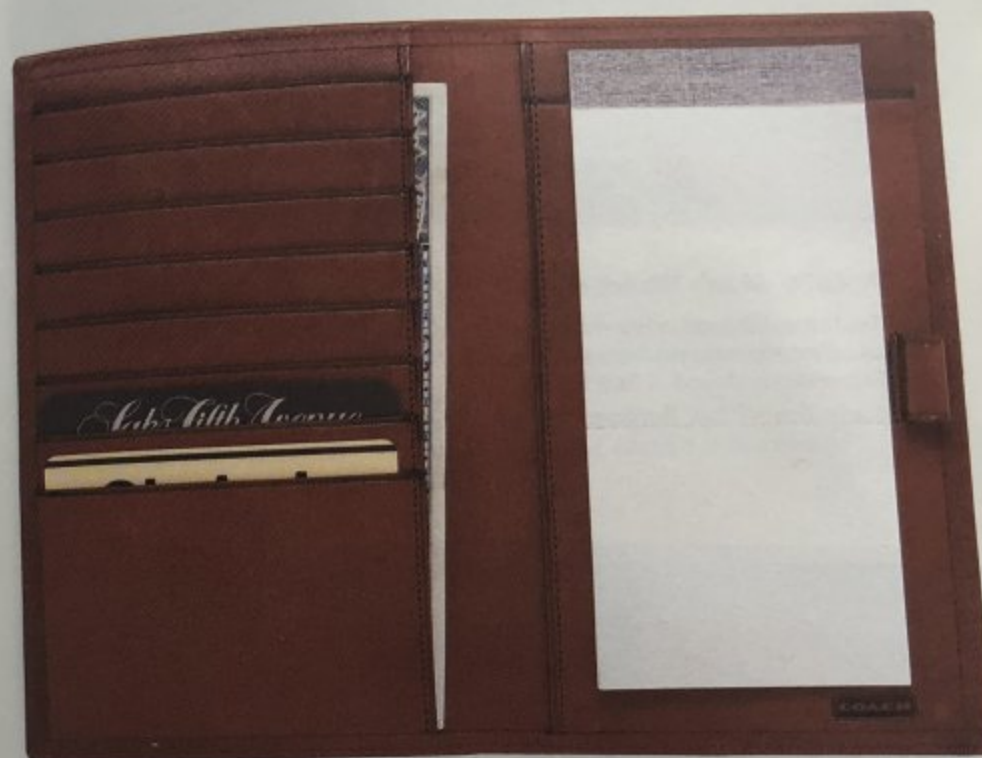

Our craftsmen take great care in the making of Coach wallets and accessories. They cut only from hides chosen specifically for their grain and natural markings. During the assembly, every edge is hand-turned and sewn with an average of

14 stitches to the inch. This assures you that the product will last and is sturdy enough to carry a good number of cards or papers.

As the leather is worn it quickly becomes brighter and more polished, revealing the beautiful natural markings hidden just below the surface. This handsomely polished appearance will continue to burnish more deeply with continued use.
