It's Not A Coach® Bag Without The Coach® Tag

Our Concept

We have been making the finest leather products for men and women for over 40 years and are gratified that during this time they have become known as true American classics—clean, straightforward, functional designs that are very well made and never go out of style.

The Coach tag too, has acquired a reputation over the years—the trademark of the genuine article—the finest bags, belts, billfolds and portfolios.

Our Leather

All of our handbags and portfolios are made out of the same leather—a full grain, natural glove tanned cowhide that is essentially the same leather used in making baseball gloves. We use a special formulation of tanning extracts and emollients that renders this rugged leather soft and supple without detracting from its strength or beauty.

That is why no two Coach bags will ever look the same. And that is why your Coach will actually get better and better as it burnishes over time.

Our Twill

Some of our most popular styles are now available in Khaki cotton twill, trimmed in Tabac glove tanned cowhide. The durable two-ply industrial-weight cotton is treated to resist stains.

Our Registration

Every Coach bag and portfolio is identified at our factory with its own registration number, using the process shown at right. If it is a genuine Coach, you will find this registration number branded into the leather on an inside pocket.

Our Factory

Coach products are made in a clean, bright, well-organized factory located in downtown New York City. Our workforce is drawn from the many races, creeds and nationalities, rich in heritage and skills, who make their homes here.

If Coach products have enjoyed a measure of recognition and success, it is in no small part because they are made by a unique workforce whose skills, energy, and quick intelligence make it possible, even in these times, to turn out a good product at a fair price.

Our Distribution

Quality leather goods must be made in small, carefully supervised lots that do not readily lend themselves to mass production.

That is why you will find Coach products in only the very best Department and Specialty stores.

Our Commitment

We have always tried to maintain the highest standards of our craft. We are deeply committed to the excellence of our work and to your satisfaction. We will go to great lengths to honor that commitment.

Our leather products are very well made and designed to be worn and enjoyed for many years. We hope that they will serve you well, and that you will find them a lasting source of pleasure.

All Coach products can be ordered directly from our factory and sent to you free of any shipping or handling charges.

Here is a representative sample of our Twill collection. Specific product information and prices can be found on the pages noted. Pictured from top to bottom: No. 8050 Handle Portfolio (page 33), No. 8625 Musette Bag (page 34), No. 8170 Classic Shoulder Bag (page 8), No. 8375 Dinky Bag (page 10). Other styles available are noted throughout the catalogue.

Here Are A Few Classic Bag Fittings That We Make Out Of Coach® Glove Tanned Cowhide

For several years now, we have been producing a small collection of these classic Bag Fittings especially designed to accessorize our bags.

Coach Bag Fittings are made out of the same Glove Tanned Cowhide that we use to make our bags. Like the bags, they respond very well to wear, taking on a rich patina as they are worn.

In order to make these small pieces out of our glove leather, it is necessary to split it down to a lighter weight.

This is accomplished by running each

part through a splitting operation that reduces it to the desired thickness and in the process, renders it as soft and supple as a piece of fine Calfskin.

Except for the two Make-Up Kits, which are lined with a treated cotton ticking that resists spills, every piece is fully lined in leather. The zippers and snap fasteners are solid brass. The purse frames are covered with leather.

Coach Bag Fittings are made in most of the Coach Colors. They can be matched, coordinated, or color coded for easy identification.

Belt Sizing

If you are unsure of your exact belt size, it would be wise to check it before ordering.

Take a belt that you presently wear and measure the distance from the tip of the buckle to the hole on which you generally wear it. Round this number upward or downward to the nearest even number. This is your correct belt size.

Waist sizes may vary considerably in the course of a single day. That is why belts are made with multiple holes—usually spaced about one inch apart.

A properly fitted belt should occupy one of the center holes, so as to allow for at least one inch adjustment in either direction.

The Story Of Coach® Water Buffalo Hide Wallets And Accessories

In the forty years or so that we have been making turned-edge wallets, we have never seen a leather so ideally suited to this purpose.

It is thin. It is firm. It has the distinctive temper and "squeak" of vegetable-tanned leather, and the beautiful natural graining of a fine piece of wood, so no two pieces are ever exactly alike.

As the leather is worn, it gradually becomes brighter and more polished, revealing the beautiful natural markings hidden just below the surface.

The tanning method used to give Coach Water Buffalo Hide its special character was probably first developed in small village tanneries in India and is still used there today. For months, the hides are left to soak in tanning pits dug in the ground and filled with specially prepared mixtures of natural tree bark extracts.

Most of this leather becomes sandals, but the best hides—still stiff and uncolored—are baled and shipped overseas.

We select the skins with the most interesting natural markings and soak them for hours in rotating drums filled with our own exclusive formula.

When this cycle is complete, the leather is remarkably transformed. What started out as a rough, wrinkled hide is now a smooth, supple, richly grained leather of extraordinary character.
