Here Are A Few Classic Bag Fittings Especially Designed to Help You Organize Your Coach® Bag

We get letters every day asking why we don't make a wallet, a coin purse, a key case, an eyeglass case, or a cosmetic case.

The fact is we do.

For several years now, we have been producing a small collection of these classic Bag Fittings to accessorize our bags. But because we make them in such limited numbers, they are not always readily available in the stores.

Our Bag Fittings are, of course, all made out of the same Glove Tanned Cowhide that we use to make our bags and belts. Like the bags and belts, they respond very well to wear, taking on a rich patina as they are worn.

In order to make these small pieces out of our leather, it is necessary to split it down to a lighter weight.

This is accomplished by running each part through a splitting operation that reduces it to the desired thickness and, in the process, renders it as soft and supple as a piece of fine Calfskin.

Except for the two Make-Up Kits, which are lined with a treated cotton ticking that resists spills, every piece is fully lined in leather. The zippers and snap fasteners are solid brass. The purse frames are covered with leather. Coach® Bag Fittings are made in most of the Coach® Colors. They can be matched, coordinated, or color coded for easy identification.

As with our bags and belts, we keep a small inventory of Coach® Bag Fittings here at the Factory. If you are having difficulty finding them in a store near you, we will be pleased to handle your orders directly from our Consumer Service Department.

Every Coach® Bag carries its own little leather Coach tag on a beaded brass chain. The ten tags pictured above represent the ten Coach® Bag colors now in production. Because the natural color tones of Coach® Leather are difficult to reproduce in print, this chart is intended only as a guide. An actual set of leather swatches can be had for the asking.
