A Few Words About Coach® Lightweights

These Coach Tags represent the eleven Coach Lightweights Colors now in production for our Coach Lightweights Collection featured on pages 27 through 36 in this catalogue. Because the natural color tones of our leather are difficult to reproduce in print, this chart is intended only as a guide.

As with all our products, the Coach Lightweights Collection is made to be worn and enjoyed for many years. The leather is full-grain, natural Glove Tanned Cowhide—carefully prepared in a special process that renders it soft, supple, and long wearing.

Coach Lightweights are classically styled, unconstructed bags meant to be worn often—for work and leisure. The new pouch-like shapes are designed to take full advantage of the leather's light, soft, supple qualities and include the details you have come to expect from Coach—solid brass hardware, outside seam bindings and handy inside pockets.

Coach Lightweights are available in a wide range of colors—from deep rich earth tones to several lighter shades. This new palette of eleven distinctive colors complements the new silhouettes and also gives you a broad range of options—appropriate for every climate and every season.

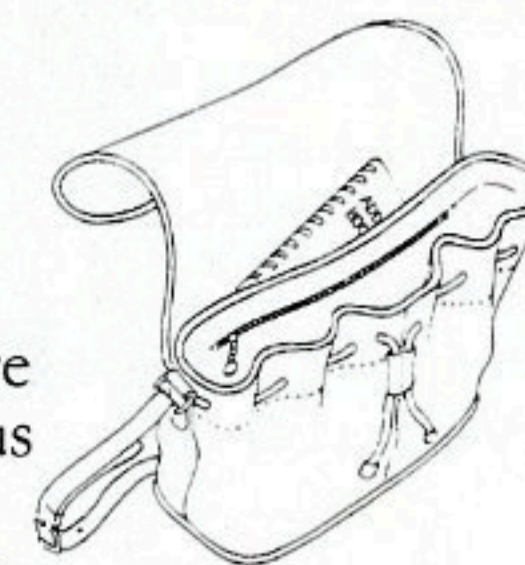

Fine stitching and outside seam binding are details found on Coach Lightweights.
