The seam binding of every Coach bag and briefcase is a detail that contributes to the distinctive Coach look as well as to the durability of our products.

We use a special process to make this binding from the very same glove tanned cowhide as the bag or briefcase itself.

The seam binding is hand-folded around every edge and sewn through several layers of leather. Creating the close, even stitches found on our fine leather-goods, requires great skill and many years of experience.

Here Are The Classic Small Accessories That We Make Out Of Coach® Glove Tanned Cowhide

For several years now, a good many people have found our small accessories to be handy organizers for a wide variety of personal needs and handsome complements to Coach bags and briefcases.

Coach Small Accessories are made out of the same Glove Tanned Cowhide that we use to make our bags and briefcases. They respond very well to wear, taking on a rich patina as they are worn.

In order to make these small pieces out of our glove leather, it is necessary to reduce the leather to a lighter weight. This is achieved by running each part through a splitting operation

that reduces it to the desired thickness and in the process, renders it as soft and supple as a piece of fine Calfskin.

With the exception of the Squeeze Keycase, all Coach Small Accessories are fully lined. The Skinny Case and Chunky Make-Up Kit are lined with a water-resistant cotton ticking. The other Accessories are lined with leather. The zippers and snap fasteners are solid brass. The purse frames are covered with leather.

Coach Small Accessories can be matched and coordinated with other Coach products.

Belt Sizing

If you are unsure of your exact belt size, it would be wise to check it before ordering.

Take a belt that you presently wear and measure the distance from the tip of the buckle to the hole on which you generally wear it. Round this number upward or downward to the nearest

even number. This is your correct belt size.

Waist sizes may vary considerably in the course of a single day. Thus, a properly fitted belt should occupy one of the center holes, so as to allow for at least one inch adjustment in either direction.

What You Should Know About Coach® Planners, Wallets, and Other Accessories

We are pleased to offer a wide variety of fine accessories for both men and women.

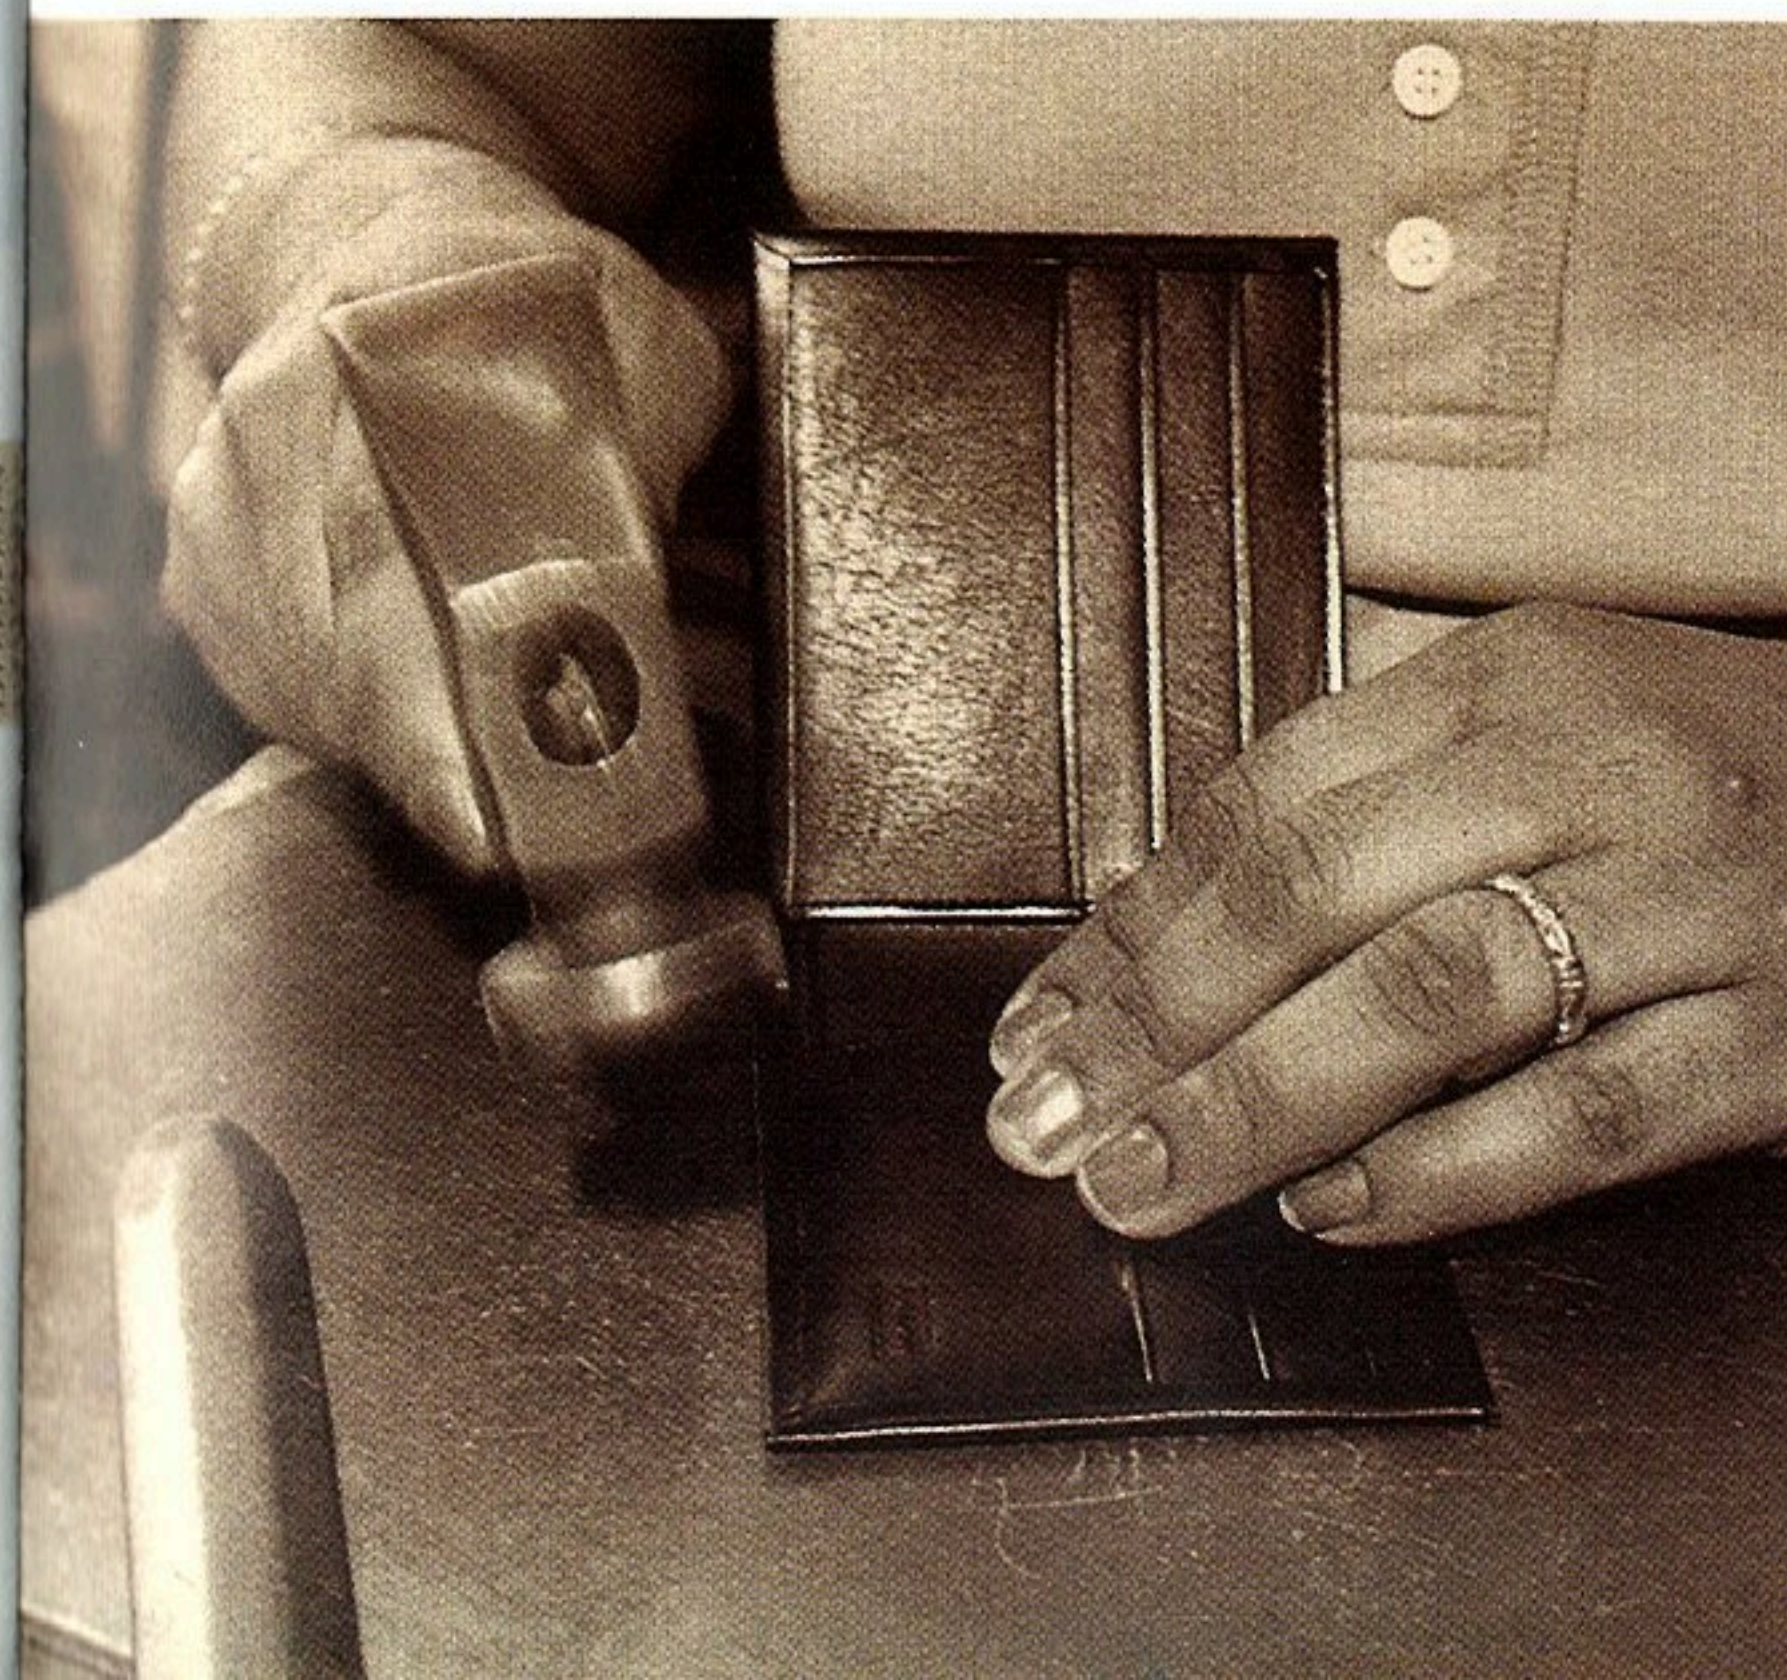

For these, there is no leather more ideally suited than Coach Water Buffalo Calfskin. Originally stiff and rough, a variety of careful, time-consuming processes transform the hides into a leather that is remarkably thin and soft, yet very durable.

Our craftsmen take great care in the making of every Coach accessory. Each part is cut from hides chosen specifically for their grain and natural markings. During assembly, every edge is hand-turned and sewn with an average of 12 stitches to the inch. This assures

you that the product will last and is sturdy enough for demanding use.

Your new Water Buffalo Calfskin accessory will have only a dull shine when you begin to use it. Within a few weeks, however, it will develop a richly grained, handsomely polished appearance that will continue to develop more with every year.
